Preparation

VANILLA SOUFFLÉ PASTRY

Prepare choux pastry by boiling the milk with the butter; remove from the heat and add the flour, then gradually add in the egg yolks and whole eggs.

Carefully incorporate the whipped egg whites that have been stiffened with the caster sugar. Spread in a 37 x 57 x 1 cm deep Flexipat\$.

Bake in a fan-assisted oven at 160°C for around 12-14 minutes.

Once out of the oven, allow to cool slightly and turn the pastry out onto greaseproof paper, then set aside in the refrigerator.

Usually, the Flexipat® facing side will turn out smooth without any crust.

VANILLA SOAKING SYRUP

Bring all the ingredients to a boil in a saucepan, then allow to cool and set aside in the refrigerator.

ΤΟΝΚΑ ΒΕΑΝ CREAM

In a saucepan, heat the whipping cream and crushed Tonka beans and leave to infuse for 20 minutes with the lid on.

Strain through a fine mesh sieve and add milk if required to make up to 410g. Heat the infusion and pour it onto the egg yolks, then bake this mixture at 85° C.

Pour over the chocolates and hydrated gelatine.

Blend, then cool to approximately 25°C and set aside until assembly.

Heat the glucose and caster sugar in a saucepan until caramelised, add hot whipping cream to stop the cooking process, then remove from the heat and add the butter, vanilla paste, hydrated gelatine and cocoa butter powder. Blend, allow to cook and then pour 130 g over the Tonka cream. Set aside in the refrigerator for assembly later.

VANILLA BAVARIAN CREAM

In a saucepan, cook a custard to 85°C using the whipping cream, vanilla paste, egg yolks and caster sugar. Add the hydrated gelatine and blend.

Chill to 30°C and then add the whipped cream.

Use immediately.

WHIPPED VANILLA GANACHE

Heat up the whipping cream, pour over the white chocolate, vanilla paste and hydrated gelatine.

Blend everything and refrigerate overnight at 5°C. The next day, whip the chilled vanilla ganache and use immediately.

CLEAR GLAZE

In a saucepan, dissolve the mixture of the caster sugar and pectin NH in cold water, and bring to a nice boil. Take it off the heat, then add lemon juice.

ASSEMBLY AND DECORATION

Cut out three 3 cm wide by 57 cm long strips of the vanilla soufflé pastry to use when finishing the desserts. From the remainder of the sheet, cut out three 14 cm diameter rounds and soak with a little of the vanilla syrup. Place these rounds into circular moulds of the same size and pour over 150 g of the Tonka bean cream. Place in the freezer. Once frozen, pour over approx. 150 g of the caramel sauce into the circular moulds. Freeze the insert and set aside to assemble later.

Assemble upside down in 16 cm diameter by 4.5 cm deep circular moulds lined with PVC strips. Pour over the vanilla Bavarian cream up to mid-height and then turn over the pastry insert, cream and caramel

Remove the desserts from the moulds, coat with the clear glaze and surround with a ring of the vanilla soufflé pastry. Use a Saint-Honoré nozzle to pipe the whipped vanilla ganache and finish with a gold leaf dot.
