

FUSION VANILLA FLAVOURED COCOA BUTTER WITH VANILLA EXTRACT

FUSION is the perfect combination of cocoa butter and an oil-soluble concentrated extract, for flavoring a variety of applications in a single step.

Formulated with just 2 ingredients and no added sugar, it's easy to dose and convenient to use. It can be incorporated directly into your preparations without prior infusion. FUSION ensures exceptional aromatic stability without adding moisture, guaranteeing optimum preservation of your final creations.

Ideal for sweet, savory, chocolate, pastry, bakery and catering creations, its uses are as varied as a traditional cocoa butter.

Packaging

Pot PET 450 g

Tips from the Brand

To flavor all your vanilla preparations, use FUSION Vanille de Papouasie-Nouvelle-Guinée at 3% and save precious time by eliminating the time needed to infuse vanilla beans and limiting the number of manipulations.

Add a unique taste signature, **with its woody and spicy notes.**

Enhance your creations with the **“Papua New Guinea vanilla” label.**
